Introduction

Welcome Message

Welcome to **Mullercon Group**
— where innovation meets opportunity.

From humble beginnings to a multi-division powerhouse, our journey has always been about pushing boundaries, uplifting communities, and creating a legacy that matters.

Every company under our banner is united by a single goal: to engineer progress and empower lives.

At **Mullercon**, we don't just operate businesses — we build ecosystems of value. We are intentional in our investments, bold in our strategies, and deeply rooted in our African identity.

Whether you're here as a client, partner, or community member, you're part of a greater vision — one that values integrity, inclusivity, and impact.

On behalf of our leadership, teams, and partners — I thank you for choosing to walk this path with us.

We are **Mullercon Group**. We are builders of tomorrow.

Re Aga Bokamoso — Mmogo.

Rebaona Conrad Mahuma

Why Client's Choose

Our Services

At **Mullercon Group**, we don't just do business — we build futures.

Here's why our partners, clients, and communities choose us:

✓ **Multi-Sector Expertise** – From **engineering and media to mining, retail, and agriculture**, our integrated capabilities allow us to deliver end-to-end solutions.

✓ **Commitment to Quality** – We believe in doing things right the first time. Excellence is embedded in every project and partnership.

✓ **Innovation-Driven** – We harness the **power of technology**, strategy, and human capital to stay ahead of the curve in every industry we touch.

QUALITY ASSURANCE

www.mullercon.co.za

✓ **People-Focused** – Whether it's our clients, communities, or employees, we invest in people first. Our growth is inclusive, sustainable, and socially responsible.

✓ **Proven Leadership** – Guided by **purpose, values, and vision**, our leadership drives performance that delivers impact across the board.

From Vision to Legacy
Our Journey

Mullercon Group began its journey in 2018, founded as VTS — a small, determined vehicle technology startup with a passion for innovation. As demand grew and the vision expanded, AG (Agro-Processing) was born, introducing sustainable solutions to purified water & ice.

What started in a garage with a toolbox and a dream quickly evolved into a multi-division enterprise, driven by the belief that real change starts with bold ideas and a commitment to serve.

Today, **Mullercon Group** stands as a symbol of South African resilience and innovation — proof that with vision, faith, and hard work, even the smallest beginnings can lead to extraordinary outcomes.

BEYOND ENGINEERING.

"It always seems impossible until it is done."

— Nelson Mandela
